In just 80 minutes, you can treat yourself to an overview of the fundamentals of case construction in Build a Frame-and-Panel Cabinet. Furniture maker and woodworking instructor Tim Rousseau walks you through every step of the process, from rough board to final cabinet in this DVD, which includes a Bonus SketchUp Plan. The perfect project for improving your work. As Tim demonstrates, this one-door, one-drawer piece is the best vehicle for teaching all the fundamentals. It involves mastery of a variety of unique joinery techniques. Tackle the details that make all the difference. You'll learn how to make a frame-and-panel door that fits precisely into its opening, an efficient way to install knife hinges, and techniques for shaping tapered legs. From initial design and plans to finishing and hardware, it's all here.
