Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

THOUGHTERACY FOR ALL

iUniverse, United States, 2005. Paperback. Book Condition: New. 223 x 147 mm. Language: English . Brand New Book ***** Print on Demand *****. We human beings have successfully developed machines that can read and write, but we have met only with very limited success in our attempts to develop machines that can think and learn. Our brains are better suited to learn and think than any machine that we have invented until this point in time. The inability of human beings to read or write should not sentence them to lives of poverty, unemployment, and continued illiteracy. Thoughteracy for All proposes an innovative way to improve the lives of the illiterate. Author M. O. Thirunarayanan offers an intriguing solution to this problem. Thirunarayanan s concept, a Personal Thoughteracy Assistant (PTA), a portable, and perhaps even wearable, device will be able to translate, read, write, and perform other various technological functions to help illiterate people. With features such as searching external digital libraries, converting spoken words into written text, and scanning text from books or written documents, the PTA will open up a new world for those struggling with illiteracy.
